VOLUME NO. 6

FRONTIER CENTRAL SCHOOL

FOREWORD

What sought they thus far?
Bright jewels of the mine?
The wealth of seas?

Within these walls, a thread runs true between these students that develops the resources of the school to the advantage of everyone.

The students enter gems in the rough and leave well-polished jewels. As the jeweler cuts gems to perfection so the school and its resources bring the student to a point as near perfect as possible.

The emeralds to be found in our library increase our knowledge. The pearls that develop culture are art and music. The athletic ruby develops soundness of body and sportsmanship. The sapphire of clubs, parties, and dances build our self-confidence. Our school, the diamond, most perfect jewel creates in each of us a well balanced person, with a sense of pride in his school.

DEVELOPING OUR SCHOOL RESOURCES:

Just as the greatest asset of any community is its people, so you, the students of the Frontier Central School are our greatest resource. There are many influences which will affect your development. Your parents and home, the church, and the school each play a different role in your growth. From your parents you derive the benefit of love and affection and your habits of loyalty and personality. The church not only teaches you to live beyond yourself helping others but teaches love of God and respect for things eternal. The public school has the responsibility to help you learn to work, think, and contribute according to your ability. The faculty of the Frontier Central School can build only upon the foundation laid by the home and the church. It is our purpose to provide every opportunity for you to attain your highest potential that you, in turn, may serve others as they have served you.

Board of Education

Mr. J. Kleis — *President*
Board of Education

The Board of Education of our Frontier Central System notes with pleasure and a deep sense of satisfaction that our entire school structure has been developed through careful planning.

One of the most precious resources of our Frontier educational system has been the development of the minds of our student population, from our kindergarten grades through our senior high school.

We, with pride feel that with the facilities we now have, we can develop and expand these resources in the future into various channels that will be of untold value.

The accomplishment of all our aims and ambitions, can be brought about only by the united efforts of everyone in our school district.

May the parents, students, faculty and members of the Board of Education conscientiously unite and co-operate to bring about a rich harvest.

John W. Klein

Left to Right: Harold Mathes, Ralph Garnish, Weston Wardell, Henry Leyh, J. Clement Johnston, Attorney; Benjamin Werth, Treasurer; John Kleis, President; Lorraine Bauer, Clerk; Howard Durni, Homer Rowe, John Barber, F. Robert Greene.

John Kleis, *President*

Co-Principals

In the future at Frontier, we can foresee our Auditorium stage accommodating a Shakespearean Drama or a rousing Modern Comedy; a fine Band and Orchestra. I see our Practical Arts Department expanding and growing stronger year by year. Our Athletic program will come into its own and many more activities will be organized. At this point, you may say, what about the academic subjects? Aren't they going to be taught any more? You can be certain they will not be discarded and the range of subjects available will be far greater than they are today. All that will be necessary to enjoy these activities and subjects, will be an open mind and a willingness to learn to master them.

Frontier will grow strong and sturdy and make her students outstanding citizens of the community in which they live.

Mr. C. Buesch - *Co-Principal*
Instruction

Mr. Heiman - *Co-Principal*
Administration

American ingenuity has been able to take our natural resources and step by step produce efficient, untiring industrial giants who are always willing and ready to serve mankind.

In the same manner AMERICAN EDUCATION is producing this ingenuity. American youth, the greatest of our school resources, is being taken step by step through our educational institutions and is thus being prepared to better serve itself by more fully realizing its responsibility to its fellowmen.

Only through a FREE, UNITED, EDUCATED citizentry, can this be accomplished. It is the American Way; the way that makes men, who have made, and who will continue to make, Our United States the greatest Nation on earth.

Miss Creedon — *Jr. High Principal*

Long ago Cicero asked,
"What greater or better gift can we offer the republic than to teach and instruct our youth?" Frontier Central with its variety of opportunities offered to students, and its outstanding appointments surely affords a way for each student to develop his talents and to take his place in our treasured democracy.

Mr. Morgenfeld — *Sr. High Principal*

May we have the courage and vision to set before ourselves the kind of school we want Frontier Central to be, and the strength to reach these aims.

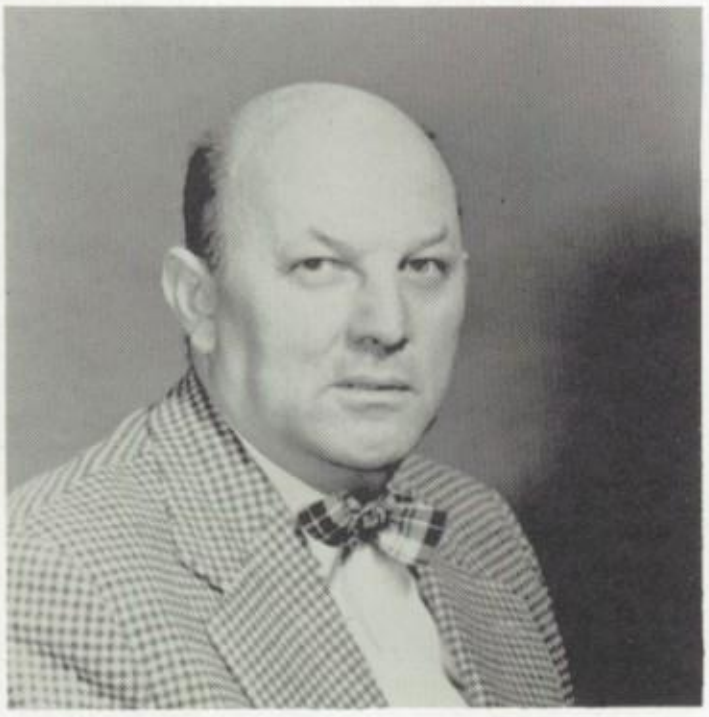
PRINCIPALS AND GUIDANCE DEPARTMENT

A Guidance Counselor encourages students: To investigate all careers, carefully; To choose high school courses wisely; To prepare daily work thoroughly; To insure themselves of a successful future.

Miss Titus — *Guidance*

Education is either your most durable or your most perishable resource. A day wasted can never be regained, but a day well spent will forever pay dividends in increased earnings and personal usefulness.

Mr. Mandel, *Guidance Director*



Mr. Dunklin — *Transportation*

Each student should so budget the school day that there will be a proper balance between classroom study, school activities and recreation. Each is important but, when pursued at the expense of the others, can result in disappointments.

Francis J. Manley — *Co-ordinator of Instruction*

The value of a commodity is measured in direct proportion to the amount of man hours used in bringing the commodity to a complete and useful product.

Education can be measured by the same yardstick.

TRANSPORTATION — ELEMENTARY EDUCATION, CHILD ACCOUNTING AND ADULT EDUCATION

"WHATEVER IS WORTH DOING AT ALL IS WORTH DOING WELL!" This quotation was written on our Fourth Grade blackboard by a wise teacher. School and blackboard, even the teacher are gone, but the lesson lingers on.

Our total educational program at Frontier includes experiences for adults as well as boys and girls.

The wealth of facilities offered by a great variety of specially designed rooms with appropriate equipment make it possible to offer the adults of our community many worthwhile experiences leading toward educational advancement.

SPECIAL SERVICES

CENTRAL OFFICE

In order to keep such a large school system as Frontier functioning properly, the various departments are dependent upon the accounting department of which Miss Bauer is clerk of the board. As keeper of the financial records, the department takes care of requisitions, purchases, final clerical audit for all claims for payments, preparation of bills, payrolls, payment schedules and checks, and the maintenance of subsidiary records are its responsibility in accordance with Board direction.

In addition to the financial records, it is the responsibility of the Central Office to have on file all State Reports and personnel records of the Central District.

Class History

The days of kindergarten were far behind us all now, for we entered our first year of high school at last and we all were enthused about what lay ahead. Our first activity at Woodlawn High School was a class party. We were well acquainted by this time. Judy Rush was elected our Freshman class president. Many of our classmates participated in the Freshman sports and eagerly looked forward to varsity competition. Roger Gaydon was elected class president at Blasdell. Committees were busy planning a reverse dance, their first class activity. Christmas came so swiftly and soon all of us were busily planning for our Christmas programs. Mr. Grottanelli was Santa Claus at Blasdell. The winter months quickly passed. Soon it was spring and the students at Woodlawn began planning for their first dance. It was called "The Leprechaun Leap," for St. Pat's Day was well at hand. Amidst the turmoil, we steadied ourselves for more exams. Picnic time rolled around and we were prepared. We'll never forget the fun we had hiking and enjoying ourselves. Our first year at Woodlawn and Blasdell was climaxed by the moving up day ceremonies and senior graduation. We looked forward to the summer recess and were quite relieved after exams. Now it was one down and three more to go.

September rolled around once more and we commenced into our second year. We all resumed work a little faster, for we were well acquainted with the procedure. The students at Woodlawn elected Ronald Nistler as their class president and Joe DeMatteo was elected by the Blasdell class. Several assemblies were enjoyed by both classes at Woodlawn and Blasdell. We all enjoyed a wonderful performance by a clown, Happy Daze, who in comical sketches, showed us how to choose our careers wisely. Another assembly was given by a group of servicemen, consisting of a comical skit and a description of the armed forces for the benefit of the male students. The fall quickly passed into winter. Christmas soon came and so did vacation, right into January. The Woodlawn class planned a dance at the end of exam week hoping everyone would enjoy a good time after the exams. All the students hoped for snow to make the dance, "The Snowflake Swirl," seem more authentic. The snow came, in fact we were snowed in. Blasdell had their dance, "The Snowball Swirl," the same evening, and along with two dances, the same night a sectional basketball game was played. Prom time rolled around and this, of course, was the social event of the year. Moving-up Day soon followed, as did our joyful class picnics, bringing to a close another year of fond memories.

CLASS HISTORY (*continued*)

As September again came, we found ourselves in a wonderful new school. There were many handicaps. Being a combined group for the first time we all entered various activities, moreover, it was now a challenge to plan events together as one group. We all looked forward to many wonderful and exciting school days in the school. Michael Andrisani was elected our Junior class president. We were soon hard at work and enjoying ourselves and sponsored our first class activity, a dance "The Teen-Age Swing." The music was recorded and an Elvis Presley record was given away as a door prize. Our sports schedule proceeded and many of the students witnessed many thrilling events. Our first year at the new school went by rapidly. The climax we were planning for was the Junior-Senior prom. It was a success and everyone had a wonderful time.

We have finally reached our goal, Seniors. This was our last year in high school and we planned to make it one of the most exciting and eventful years of all. Our first class activity was that of electing Senior class officers. Bill Mabie was elected president, Jim Schill as vice-president, Pat Wiencek as treasurer, Judy Rush as secretary, and Sue Mabie as class historian. Elections for the Student Council officers were held. Each of the candidates presented their program during the assembly. Kathy Hazlett was elected President of the Student Government. Soon followed a dance in honor of the fall sport program. Everyone enjoyed the "Soda Pop Hop." After much deliberation, we chose our class ring, and the majority of the students purchased rings. The taking of Senior Class pictures proved to be an enjoyable activity. Before the Christmas recess, the yearbook was well on its way. Leonard Burroughs and Barbara Hartman were appointed as co-editors of the yearbook. Many of the students worked feverishly on the book. Miss Songer, our senior English teacher, directed the Senior play, a most exciting project. The entire cast worked hard and opening performance proved to be a wonderful success. Many activities again filled in some of the empty spaces on the schedule cards. Many students joined the newly formed Latin Club, Mike Club, and Water Ballet group. We all again worked hard for the success of the Junior-Senior Prom. Comittees planning for decorations and other various items found themselves with much to be done. These preparations proved to be wonderful times spent with fellow classmates. The climax of our high school years approached quickly. Graduation was held on June 24. All of our activities of the preceding four years will linger as very wonderful and fond memories. We now begin life's journey along many different paths.

FRESHMAN CLASS

The Freshman Class is composed of approximately 305 students. Election of Officers took place in February. Many of the freshmen participated in sports activities this year. The girls used their swimming ability for water ballet while the boys participated in various athletics. The Freshman basketball team was also very successful this year. The Freshmen are looking forward to being upper classmen next year and increasing their activities.

THE SOPHOMORE CLASS

A democratic election of class officers was held on March 5th at which time the sophomore class chose Lucille Tomaka, President; Paul Kranz, Vice-President; Richard Borst, Secretary; and Penny Johnson, Treasurer.

They are also enjoying the extra-curricular activities which are offered here at Frontier. Some of these are Water Ballet, Intramurals, Musical Groups and competitive sports.

JUNIOR CLASS

The Class of '58 eagerly awaited the arrival of their senior year. The Junior class treasury was increased by the payment of dues by members of the class. The biggest event for the Juniors this year was their participation in the annual Junior - Senior Prom. The most significant issue was the question of ordering rings at the end of the Junior year so they could be worn during their Senior year. As juniors, some members of the class were eligible for membership in the National Honor Society. The "Nocturnes," a band formed by four juniors, performed at a school dance entitled "Hearts Holiday." Their class and Frontier as a whole are proud of them. Juniors are contemplating the future very seriously and next year will be very important to them.

STUDENT COUNCIL OFFICERS

John Pinter, *Treasurer;* Kathy Hazlett, *President;* Judy Saunders, *Vice-President;* Judy Barbati, *Secretary.*

STUDENT COUNCIL

The purpose of the Student Council is to inform the students as to what is being done for the student body. This is a form of a working student government. The Student Council representatives are elected from each homeroom. To become president the student must be a senior, have been in the Student Council for three years, and be a past officer. The Vice-President must have been a representative for two years, the secretary and treasurer must have been a representative for one year.

The Student Council helps to support the school teams by selling tickets for the games and by selling candy at the games. The proceeds are incorporated into a fund for buying new equipment and uniforms for the teams.

Each morning over the public address system the student body is led in a prayer and the Pledge of Allegiance by a Student Council representative.

On March 18, the Frontier Central Student Council entertained other Students Councils from nearby schools at their spring meeting.

YEARBOOK STAFF

The school yearbook this year, as always, was a very detailed production and involved everyone's participation. It required many committees who worked diligently to get the "Gateway" ready for the press. The committees included the photography staff, which helped the photographer take the pictures, sorted them and prepared them for publication. The copy staff wrote all the copy for the pages, wrote the foreword and the copy under the pictures. The typing of all the copy was done by the typing staff. The financial committee handled the subscriptions and the money coming from the sales. The art staff designed the cover, divider pages and all other art work for the "Gateway." The distribution and sales committee prompted the selling of the yearbook and distributed it after it came off the press. The yearbook was assembled and all the pages and pictures were properly measured by the make-up committee. The sports staff made up the sports section and wrote copy for it. Through the combined efforts of all these groups, the "Gateway" became a reality.

U. N. O.

Each spring Frontier Central and about sixty other schools in western New York send a delegation to participate in a model United Nations Assembly. This program is usually held at Buffalo State Teachers College. The purpose is to debate and possibly pass resolutions concerning the solution to world problems.

Members to this session are limited to Juniors and Seniors who seek to portray faithfully the views of the country which they represent. This worthwhile activity provides educational benefits and helps develop world mindedness in high school students.

NEWSPAPER

An integral part of school life at Frontier is the school newspaper, Hi-Lites, published by a representative student group, under the direction of Mr. Pfohl. The paper is a monthly chronicle of school events and the official student organ. Several features proved very popular with students such as class activities, sport events, and student council news. Our newspaper staff is striving to make a bond between the students and faculty. The newspaper hopes to place in the hearts of each student an appreciation of our Alma Mater.

WATER BALLET

The girls chosen by the Physical Education Department presented a water ballet this spring, proving that since fall they have worked hard perfecting their swimming.

In the fall 123 girls competed for positions in the water ballet, 62, were selected. The performance of many strokes, their variations, and stunts certified by the Amateur Union were required in order to be chosen.

Low Board: S. Mabie. High Board: S. Mills.

BATON

Newly formed this year were classes for the girls interested in learning something about baton twirling. Many girls have invested their time in these lessons, giving up their study halls and gym classes in order to attend them. The girls are instructed by Miss Gretka.

THE REFEREE CLUB

The Referee Club was begun this year with an aim of bringing about a better organization of basketball competition between physical education classes.

Instruction in pointing out careless errors was given at a referee clinic held after school. It seemed to have been very successful, as many girls attended the classes.

Not only did these students gain refereeing experience, but they gained added respect for their teachers.

Instructors for the clinic were Miss Sally Brinssnaid, Buffalo State Teachers College; Miss Mary Lou Puleo, a teacher at Benjamin Franklin Junior High; Miss Annette Bettings, Kenmore Junior High teacher. They were representatives of the Association of Women Physical Education Teachers of New York State.

P. T. A.

The Parent Teachers Association of Frontier Central School is organized for a triangular relationship among the parents, teachers and students. This new organization strives to bring these groups closer together. During the school year the parents are invited to visit the schoolrooms and discuss the progress of their child with his teachers. Last year the P.T.A. had a baked goods sale which proved to be a huge success. They also gave baskets to the poor and financed a seed sale. The parents and teachers working together hope to better understand the students and help them secure a successful future.

SENIOR HIGH BAND

Members of the senior high band have rehearsals fifth period on Tuesdays and Fridays. They practice concert selections, marches, and overtures. This musical group has performed for a Junior High Assembly and plans to enter the band competition at Fredonia.

The members in this organization derive both pleasure and relaxation. Also band students were given the privilege of attending a concert by the Buffalo Philharmonic Orchestra. Other advantages of participating in band are: it furnishes a background in music, fosters an appreciation of better music, and develops potential talent.

Football

Frontier, hit hard by graduation last year, had only three lettermen returning this fall. The three lettermen: Gary Barber, Dick Doll, and George Maue, led a small squad to victory in the first game played on Frontier's new playing field against Eden. The rest of the season did not prove so good though and Frontier met defeat six times before the season was over. Many sophomores and juniors, however, gained valuable experience which will show in Frontier's future years.

Soccer

This fall marked the first soccer games played on Frontier's new home field. Our field is certainly beautiful and coaches from other schools have remarked on its adaptability for playing soccer. The varsity team was coached by Mr. Darvill and the junior varsity was headed by Mr. Gollwitzer.

Since Ron Pajak, Bill Mabie, Jim Schill, Ron Nistler, Pete Schwartzott, Gene Graser, Pat Farley, and Carl Sickau are seniors this year, the squad will look to returning lettermen and upcoming freshmen and sophomores for next year's team. The varsity's final record this year was three wins and seven losses. Frontier played opposing teams in Section VI, which included North Collins, Holland, Williamsville, Amherst, and Gow School.

The junior varsity squad also played the same teams. Their final record was four wins and five losses and one tie. Dieter Heinz, who was outstanding on junior varsity, was moved up to varsity for the last few games.

The soccer teams have high hopes for next year.

Winter Sports

VARSITY BASKETBALL

The varsity basketball team under the direction of Mr. Johnson opened the 1956-57 schedule at Lackawanna on November 30, playing on a non-league schedule.

In addition to fine sportsmanship and good playing ability our team has achieved praise-worthy records.

The team's aggressiveness and determination were shown in the double overtime loss (59-57) to Division I AA winner, Hamburg. Frontier, down by 13 points in the third quarter, fought back rigidly to gain a deadlock at the end of regulation time, thus sending the game into overtime. Frontier led in the first overtime 57-55 but Hamburg tied the score sending it into second death and thus won.

Other highlights of the season were a fine victory over Clarence, a last-second victory over Maryvale and West Seneca, and a tremendous win over an Orchard Park team who was victorious in the first encounter.

Five seniors who will be missed next season are Jim Schill, Gary Barber, Dick Doll, Ron Pajak, and George Maue.

JUNIOR VARSITY BASKETBALL

Mr. O'Reilly, coach of Junior Varsity Basketball, has brought the basketball talent of the Freshmen and Sophomores to its pinnacle. Mr. O'Reilly feels confident that in up-coming years our team will profit from their past experiences. The Junior Varsity plays not solely on spirit and hope of winning but on their many faceted talents.

It is felt that basketball will be even more popular in years to come because it is healthful, develops sportsmanship and a common bond between players.

WRESTLING

The wrestling squad, in its second year, has shown improvement over last year's team. The facts that no punishing holds are used receives no objections from parents. High school wrestling is a clean sport that beckons to those that are skilled in using their muscle-power.

Mr. Mead, the team's coach, has squired the team, smoothing out rough spots and developing a sound wrestling technique.

SWIMMING

In our modern school building we have various new athletic facilities. One of these is our wonderful pool. As a result the sport of swimming has been introduced at Frontier Central. Under the able coaching of Mr. Walsh, our team competed with beginning squads of other schools. The various events in this sport include: the 50 and 100 yard free style, 100 and 200 yard backstroke, 100 yard breast stroke and the 200 yard free relay. Also there is a diving contest, 75 yard individual medley and 200 yard medley relay.

The members of the swimming team worked hard to develop their skills and firmly establish this new sport.
